- ^{SP1}
- Plan Duration:** Plan minimum duration is 30 days, but the plan is permitted to run into a successive days or months pro-rated.
 - Pro-rated Monthly Data Allowance before incurring overage costs:** Inmarsat operates on calendar months. Data allotment is pro-rated based on 30 days in a month.

Example - 100MB plan starts on June 16th with 14 days remaining in the calendar month. $14/30 = .4666 \times 100MB = 46.67MB$ allotment in June prior to incurring overage fees. July allotment = 53.33MB before overage until July 14th.
 - 30 Past 30 days, Data and Fee Pro-rating:** You may keep a plan past 30 days on a pro-rated basis. Your plan fee and data allowance is pro-rated for the extra days. Formula: Data allowance = $1/30 \times$ Data Plan x number of days over whole month(s). Plan fee = $1/30 \times$ Plan Fee x number of days over whole month(s).

Example - 100MB plan starts on April 4th. The one month term end date is May 3rd, but you want service until May 15th. May 15 - May 3 = 12 days. Data allowance = $1/30 \times 100MB \times 12$ days = 40MB before overage costs. Plan fee = $1/30 \times \$780 \times 12$ days = \$312.

Fleet One 1 Month Plan

Pivotel Customer Care, Pivotel Test number, Divert Calls to Voicemail Incoming SMS Emergency Calls	Free	per minute

*** Pro-rated per items**

1. **Plan Duration:** Plan minimum duration is 30 days, but the plan is permitted to run into a successive days or months pro-rated.

2. **Pro-rated Monthly Data Allowance before incurring overage costs:** Inmarsat operates on calendar months. Data allotment is pro-rated based on 30 days in a month.

Example - Plan starts on June 16th with 14 days remaining in the calendar month. $14/30 = .4666 \times 10MB = 4.67MB$ allotment in June prior to incurring overage fees. July allotment = 5.33MB before overage fees until July 14th.

3. **Over 30 days Data and Fee Pro-rating:** You may keep the plan past 30 days on a pro-rated basis. Your plan fee and data allowance is pro-rated for the extra days. Formula: Data allowance = $1/30 \times 10MB \times$ number of days over whole month(s). Plan fee = $1/30 \times \$119 \times$ number of days over whole month(s).

Example - Plan starts on April 4th. The one month term end date is May 3rd, but you want service until May 15th. May 15 - May 3 = 12 days. Data allowance = $1/30 \times 10MB \times 12$ days = 4MB before overage costs. Plan fee = $1/30 \times \$119 \times 12$ days = \$47.6.
